Ooh, you're like a book with a page torn out  
You can turn from a whisper to a shout, ooh yeah  
You come running just as fast as you can  
Into the arms of another man, yeah

But you can do what you wanna do now  
Tell me what you wanna say  
You can take what you wanna take  
Babe, take it all away

Oh, there's no smoke without a fire and there's no heat  
without a flame  
Oh, there's no love without desire but I won't play your  
games  
Ooh, you've got the looks that can turn a head  
You've got a turn that can leave a man dead, ooh yeah

You keep tellin' me our love is alright, you disappear  
You don't come home all night, just tell me what  
You wanna do now, tell me where you wanna go  
It's your life, you can do what you want, baby let me  
know

Oh, there's no smoke without a fire and there's no heat  
without a flame  
Oh, there's no love without desire but I won't play your  
games  
Ooh, you've got the looks that can turn a head  
You've got a turn that can leave a man dead, ooh yeah

You keep tellin' me our love is alright, you disappear  
You don't come home all night, just tell me what  
You wanna do now, tell me where you wanna go  
It's your life, you can do what you want, baby let me  
know

Please don't ask me why, 'cause I can't quite explain  
I'm like a moth to your flame, yeah, just tell me  
What you wanna do now, tell me where you wanna go  
It's your life, you can do what you want, baby let me  
know, yeah

Oh, there's no smoke without a fire and there's no heat  
without a flame  
Oh, there's no love without desire but I won't play your  
games  
Ooh, you've got the looks that can turn a head  
You've got a turn that can leave a man dead, ooh yeah

You keep tellin' me our love is alright, you disappear  
You don't come home all night, just tell me what  
You wanna do now, tell me where you wanna go  
It's your life, you can do what you want, baby let me  
know  
Let's talk about it

Oh, there's no smoke without a fire and there's no heat  
without a flame  
Oh, there's no love without desire but I won't play your  
games  
Ooh, you've got the looks that can turn a head  
You've got a turn that can leave a man dead, ooh yeah

You keep tellin' me our love is alright, you disappear  
You don't come home all night, just tell me what  
You wanna do now, tell me where you wanna go  
It's your life, you can do what you want, baby let me  
know
