"That Girl"

I've heard the rumors, I hear one every night
They say that you've been cheatin' on me, I know
they're not right
They don't really know you, they just don't understand
I know you wouldn't do that, wouldn't be so underhand

And still they say
"That girl, yeah the girl is playin' 'round again"
That girl, yeah they say, "I oughta know"

They say, "I haven't noticed, that you wanna be alone"
And sometimes no one's there when I answer the
phone
They say, "You tell me stories about the places you go"
If there's somethin' you're not tellin' me, I've got the
right to know

Yeah still they say
"That girl, yeah the girl is playin' 'round again"
That girl, yeah they say, "I oughta know"
I hear it every night
That girl, they say, "If I know what is good for me"
Hey that girl, they say that I should let her go

My friends are tellin' stories, about your goings on
I just wanna talk to you, babe, I've got to know what's
goin' on
They don't really know you, they just don't understand
I know you wouldn't do it, you wouldn't be so
underhand

Yeah still they say
"That girl, yeah the girl is playin' 'round again"
That girl, yeah they say, "I oughta know"

Hear it every night
That girl, then they say, "It's for the company"
That girl, I hear it everywhere I go

That girl, they say that I'm too blind to see
That girl, ooh it seems she can't say no
That girl
