I had your picture
I had it there on the wall
It's been a long time
I didn't notice it fall

Just goes to show you, things get strange
There's nothin', nothin' I can do
You got your own life, I got mine
I still got feelings for you

And I wonder what you're thinking
Does it ever seem right
Don't you know there's something missing?
We don't have to fight if you call me tonight

I'll be with you in a heartbeat
Just whisper my name
And I'll be with you in a heartbeat
No questions, no blame
And I'll be with you in a heartbeat
Just whisper my, just whisper my name

I got no answers
Sometimes I just wanna shout
Which way to turn now
Can't seem to figure this out

I haven't seen you in, oh, so long
Nothin', nothin' seems to fade
Tried to forget you but you won't go
Ooh, the memories we made

And I tried so hard to fight it
But it keeps comin' through
Ooh, you were all I ever wanted
I'm waiting for you if you wanted me too

I'll be with you in a heartbeat
Just whisper my name
And I'll be with you in a heartbeat
No questions, no blame
And I'll be with you in a heartbeat

Just whisper my, just whisper my name

And I wonder what you're thinking
Does it ever seem right
Don't you know there's something missing?
We don't have to fight if you call me tonight

I'll be with you in a heartbeat
Just whisper my name
And I'll be with you in a heartbeat
No questions, no blame
And I'll be with you in a heartbeat
Just whisper my, just whisper my name
