Did my heart send me on a fool's errand?  
Will it send me after you?  
Did I go on a fool's errand?  
Or do u really love me to?

You greet me with a smile  
What pretty things you say  
But when I want your lips  
You turn away

Did my heart send me on a fool's errand?  
Will it send me after you?  
Did I go on a fool's errand?  
Or do u really love me to?

I'm dancing close to you  
And someone else cuts in  
Why does your face light up?  
When you're with him

Did my heart send me on a fool's errand?  
Will it send me after you?  
Did I go on a fool's errand?  
Or do u really love me to?

Have I been just a fool?  
From the first day we met  
Or is it just that your  
Playing hard to get?

Did my heart send me on a fool's errand?  
Will it send me after you?  
Did I go on a fool's errand?  
Or do u really love me to?

Do you really love me to?  
Do you really love me to?  
Do you really? Come on and love
