Careless talk, that's what you heard about me  
Careless talk, talk keep talking  
Jealous talk, that's what I heard about you  
Jealous talk, talk keep talking  
Everybody's telling lies  
I don't even know why  
Why can't people find something better to do?  
Careless talk, I don't believe what they say  
Careless talk, don't believe it  
I heard them talk  
Say you've been putting me down  
Let them talk, talk, keep talking  
In the shadows on the phone  
They won't leave us alone  
They've been talking ever since you came around

Careless talk, telling you I'm doing wrong  
Careless talk, talk keep talking  
Jealous talk, follows wherever you go  
Jealous talk, talk keep talking  
I'm aware of what you heard  
Every terrible word  
Everybody's making believe that they know all of the  
intimate things  
That we ever might have said in the heat of a  
passionate moment  
In a conversation shared for the ears of nobody else  
There are some things they'll never hear  
There are secrets I'll never tell

Careless talk is going around on the streets  
Careless talk, talk keep talking  
Jealous talk, I know how bad it can be  
Jealous talk, talk keep talking  
Let them stand where they fall  
They don't know us at all  
All that talking won't make a difference to me

Careless talk, that's what they say about me  
Careless talk, talk keep talking  
Careless talk, that's what they say about you  
Careless talk, talk, talk keep talking

Careless talk, that's what they say about me  
Careless talk, talk keep talking  
Careless talk, that's what they say about you  
Careless talk, talk, talk keep talking  
Careless talk, that's what you heard about me
