Yesterday I was a young boy  
Searchin' for my way  
Not knowing what I wanted  
Living live from day to day  
'Til you came along  
There was nothing but an empty space

Feels like coloured rain  
Tastes like coloured rain  
Bring back coloured rain  
Yeah, yeah, yeah, ah ah ah ah ow!

Huh! All right, ahh, huh!

I can see your world changing  
Changing with surprise  
United with a feeling  
Bringing love into my eyes  
'Til you came along  
There was nothing but an empty space

Feels like coloured rain  
Tastes like coloured rain  
Bring back coloured rain  
Yeah, yeah, yeah, owwwwwww!

Ahhh! Mmmm-yeah, all right, huh! Owww!

Huh!
