No crime position, makes a new badder compromise
No private tune, this drugs kill for my entered lies
I strike in the darkness [nonsense lyrics]
(Have mercy, Lord)

Uh, it's not, it's--it's written, ah ba ba ba da da
(We never that thing on that)

I know that places
Where the rich and famous wine and dine
I made the faces
The poisons and their Valentines

They all got horses
And divorces that they're goin' through
They made the bad mistakes
So I can make a living too

I'm selling my silence
You know I was numb
I got 'em right here on the tip of my tongue
