(Traditional)

When you lie awake at night
Got to feel the things they're goin' right
Just pick up the phone
And let me know they're here alone
Jumpin' by your side
Before you can say goodbye
And I'll be around when you're down

When your evening's growin' cold
Bad enough before the night gets old
I'll do my best in every way
To change your whole night into day
All the stories I would do
To show you how much I love you
And I'll be around when you're down

I'm gonna leave it up to you
Call me and I'll pull you through
Hold your head, don't you cry
You know you'll never be alone
Whoa yeah

I'm gonna leave it up to you
call me and I'll pull you through
Hold your head, huh, don't you cry
You know you'll never be alone

I'm around, yeah
(Oh, I'll be around) Yeah-eah-eah
(Oh, I'll be around) Yeah-eah-eah
(I'll be around) I'll be around
(I'll be around) I'll be around
(I'll be around) I'll be around
(I'll be around) [to fade]
