I'm thinking 'bout the love we have
How you always treat me right
I'm thinking a hundred summer days
When I won't have to leave you each night

So just let me sit here, girl
Dig inside this mind of mine
When they're just reaching
For the lack of things they want
When the nights get lonely
You feel me holding you tight, yeah, baby

I'm thinking 'bout the love we share
I would age in you each night
You're letting me know our love has grown
Into a beach that's just turned out right

The day would come with nothing's wrong
And will both get caught up
In a song and they'll never end
Makes you wonder like our love is real
The things we feel
All the dreams we're having tonight, yeah, baby

I'm thinking about uh huh huh huh
Yeah yeah yeah
I'm thinking about uh huh huh huh
Yeah hey

So just let me sit here, girl
Dig inside this mind of mine
When they're just reaching
For the lack of things they want
When the nights get lonely
You feel me holding you tight, yeah, baby

I'm thinking about uh huh huh huh
Yeah hey
I'm thinking about uh huh huh huh
