Written by William M. Joel

I, I remember the day
That was a long ago
You, you, you
Have sent me away,
Hey hey hey

You, you and you're wondering
Why I'm far from you
Now, now, now
I just want to die,
-ie-ie-ie

Land of despair gray everywhere
I reach out to find where you are
Soft and you're now crossed by a cloud
And my dreams are not very far
Not very far

I, I finally want with a dream
And I'm losing it
You, you, you
Must lend me your
Hand, hand, hand, hand

Land of despair gray everywhere
I reach out to find where you are
Soft and you're now crossed by a cloud
And my dreams are not very far
Not very far

I, I finally want with a dream
And I'm losing it
You, you, you
Must lend me your
Hand, hand, hand, hand
