"Only A Man"

Only a man whose broken can appreciate the awful
thing I feel
Only a man whose world is always real can never know
And who could understand the all consuming pain
Only a man whose weeping in the rain knows where to
go

And it's not easy when you realize that you are on your
own
No no, it's not easy when you face the thought of living
all alone

Only a man who wanders through the emptiness
through every passing day
This is the man whose eyes know what to see and what
to say
And who could ever know the feeling in my heart
Only a man whose hopes and dreams are broken all
apart

And it's not easy when you reach out in the dark to
touch a face
No no, it's not easy when instead you touch a pillow in
her place

Na na na na na na na na na na na na na na na na na
Na na na na na na na na na na na na na na na na na
Na na na na na na na na na

And it's not easy when you think about the way she
combs her hair
No no, it's not easy when the memory of her is
everywhere

Only a man who lies awake & wonders will he never
smile again
And this is the only man whose lonely nights can never
end
And if you want to know a kind of man he'll be
Oh listen my friend I'll tell you all you'll have to know it's
me

And it's not easy, no no, it's not easy
Oh, it's not easy, why, no, why, well it's not easy
No, tell me, no, no, no
