A little white picket fence around your heart  
It's everything you wanted  
Now it's tearing you apart  
You're gonna raise a family now  
But you don't know where to start  
I remember you  
Me I pack a suitcase  
And move from town to town  
A little east of eden  
Too late to turn around  
Marionettes on wires  
You dance out of control  
I remember you  
Are you crying in your sleep tonight  
When you're lying with him  
Do you turn out the light  
Are you hiding in your dreams tonight  
In your world  
I will be the ghost in your heart  
The ghost in your heart  
Well you said you couldn't take it  
You had to settle down  
And I was the wild one  
With both feet off the ground  
I could never understand you  
But I loved you anyhow  
I remember now  
Are you crying in your sleep tonight  
When you're lying with him  
Do you turn out the light  
Are you hiding in your dreams tonight  
In your world  
I will be the ghost in your heart  
The ghost in your heart  
Yeah  
Something in the first kiss  
Is written in the sand  
We held it for a moment  
But it slipped straight through our hands  
I stare at your reflection  
And sometimes see my face  
I remember you

You remember too  
Are you crying in your sleep tonight  
When you're lying with him  
Do you turn out the light  
Are you hiding in your dreams tonight  
In your world  
Are you crying in your sleep tonight  
Are you lying with him  
Thinkin' 'bout me tonight  
Are you hiding in your dreams tonight  
In your world  
I will be the ghost in your heart  
The ghost in your heart  
In your heart  
In your heart  
Ghost in your
