Mama
I'll be there in the morning
When you can see some light
I'll be just like your angel
I'll be your guiding light
Gonna wake you up
And connect your dots
And make it all seem worthwhile
I'll be there just for you girl
Must be love
What are we thinking of
Must be love
Just because
Yeah
Oh
I'm gonna catch a fast train
I'll be there overnight
You can meet me at the station
And give me a kiss
Tell me it's alright
Been counting every moment
I'm walking in my sleep
I'm onna stir you up real deep girl
Stir you up for keeps
Must be love
What are we thinking of
Must be love
Just because
Lay down your love
For me
Why don't ya
Lay down your love
Baby lay down your love
I get a good connection
Right through your fingertips
Everytime you look me in the eye
I swear I go on a trip
I've been around the world so many times
And you're such a lovely thing
I don't wanna lose this thing that we got
You know you make my heart sing
Must be love

What are we thinking of
Must be love
Just because
Lay down your love
To me
Why don't you
Lay down your love
That's right
Baby lay down your love
Lay down
This time
What do we want to say
In you
I wanna stand in your way
Lay down your love
For me
Why don't ya
Lay down your love
Because I need you
Lay down
For me
Why don't ya
Lay down your love
This must be love
Baby whatcha thinkin' of
Baby
Lay down your love
I'll be there in the morning
Lay down your love
Lay lay lay lay lay lay
Lay lay lay
Baby lay down your love
Lay down your love
Baby lay down your love
Down your love
Down your love
