In the midnight rain  
Johnny throws a stance  
Says "love me tender love me true"  
And in the doorway there  
She looks up at him  
And she says  
"you know I do"  
But johnny's on the run  
Cause he stole a gun  
He needs to disappear  
Johnny shot a man  
And now he's scared  
She whispers in his ear  
Rebel say a prayer  
That there's a place somewhere  
Where rock and roll goes on  
And we'll be free  
There's glory waiting there  
Can feel it in the air  
Rebel say a prayer  
(rebel say a prayer rebel say a prayer)  
I'll meet you there  
(rebel say a prayer)  
Johnny pulls her close  
Says I've got to go  
Cause they'll come for me tonight  
And he turns to leave  
But she won't let go  
And they stand there in the light  
Baby where you go  
That's where I will go  
Love never seemed so clear  
If it's the last thing in the world we do  
We've gotta get out of here  
Rebel say a prayer  
That there's a place somewhere  
Where rock and roll goes on  
And we'll be free  
Where cadillacs have wings  
A place where elvis sings  
For you and me  
So baby take my hand

We'll find the promised land  
Above the stars tonight  
There's graceland waitin' there  
Believe it if you dare  
And rebel say a prayer  
And the cops are waiting down the street  
They both know that there's no way out  
Johnny pulls his gun  
And all hell breaks loose  
She cries "I'll remember this"  
As they're cut down in the final kiss  
Rebel say a prayer  
That there's a place somewhere  
Where rock and roll goes on  
And we'll be free  
Where cadillacs have wings  
A place where elvis sings  
For you and me  
So baby take my hand  
We'll find the promised land  
Above the stars tonight  
There's graceland waitin' there  
Believe it if you dare  
And rebel say a prayer  
(rebel say a prayer rebel say a prayer)  
Rebel say a prayer  
(rebel say a prayer rebel say a prayer)  
Above the stars tonight  
(rebel say a prayer rebel say a prayer)  
If you dare  
(rebel say a prayer)  
Rebel say a prayer  
(rebel say a prayer rebel say a prayer)  
And I'll meet you there  
(rebel say a prayer rebel say a prayer)  
Rebel say a prayer  
(rebel say a prayer rebel say a prayer)  
I'll meet you there  
(rebel say a prayer)  
Yeah
