Shes discovered a brand new way to feel superior  
Shes discovered another way to get attention  
Shes discovered how an attitude can change her life  
Shes putting on the mask of Mona Lisa  
I don't know, maybe she spent the summer in Verona  
And in an attic found the missing notebooks of old  
Leonardo  
All the tricks of trickery were laid out for her virgin eyes  
Shes discovered a brand new way to feel superior  
I don't know, maybe she was on an African adventure  
Found herself in the death grip of young boa  
constrictor  
And acting unimpressed was the only way to save her  
life  
Shes discovered a brand new way to feel superior  
Shes discovered another way to get attention  
Shes discovered how an attitude can change her life  
Shes putting on the mask of Mona Lisa  
Putting on the mask of Mona Lisa  
Maybe it's a part of the human condition  
Maybe it's a sign of an unhappy heart  
Maybe it's a part of an unnatural tradition  
But she took to the position like a water snake to water  
I don't know, maybe it's just a phase that shell grow out  
of  
When she has kids of her own, she can blame them for  
her problems  
Cause all she's ever wanted were the questions that  
have easy answers  
Shes discovered a brand new way to feel superior  
Shes discovered another way to get attention  
Shes discovered how an attitude can change her life
