This is just a business call  
It won't take no time at all  
If she don't wanna talk, that's fine  
Tell her that I got those papers signed

I'm sure that she'll be glad to know  
This thing is finally coming to a close  
That was really all I had to say  
But since we're talking, hey by the way

How's my world treating you  
Are you happy there in my shoes  
While I've got you on my phone  
Tell me does she make you feel at home  
You've got everything I had to lose  
Is she making all your dreams come true  
Oh tell me, how's my world treating you

She used to treat me like a king  
Oh she was my everything  
You took my castle and you stole my crown  
When you walked in and turned my world around

How's my world treating you  
Are you happy there in my shoes  
While I've got you on my phone  
Tell me does she make you feel at home  
You've got everything I had to lose  
Is she making all your dreams come true  
Oh tell me, how's my world treating you

How's my world treating you  
Are you happy there in my shoes  
While I've got you on my phone  
Tell me does she make you feel at home  
You've got everything I had to lose  
Is she making all your dreams come true  
Oh tell me, oh tell me, how's my world treating you  
How's my world treating you  
How's my world treating you  
How's my world treating you  
How's my world treating you

How's my world  
How's my world
