I can be a rock hardheaded fool  
Stubborn as a two dollar 4-H mule  
Hard to handle as your granddad's tools  
But I could be the one

I can be as loud as an F-16  
I got a river wide redneck streak  
Yeah, I can be a full blown S.O.B.  
But I could be the one

I could be the one that's the one for you  
I could be your one crazy dream come true  
I could be the arms, I could be the heart  
I could be the love that you could fall into

Somebody like you with me  
Ain't no tellin' what I could be  
'Cause you could be a star  
You could even be the sun  
And I could be the one

I could be a too much tequila mistake  
Or I could be your heart's big lucky break  
Might be a little more that you can take  
But I could be the one

I could be the one that's the one for you  
I could be your one crazy dream come true  
I could be the arms, I could be the heart  
I could be the love that you could fall into

Somebody like you with me  
Ain't no tellin' what I could be  
'Cause you could be a star  
You could even be the sun  
And I could be the one

Somebody like you with me  
Ain't no tellin' what I could be  
'Cause you could be a star  
You could even be the sun  
And I could be the one

Yeah, you could be a star  
You might even be the sun  
And I could be the one  
Yeah, I could be the one
