Lucy, love is blind, I know that still rings true
'Cause I couldn't see it coming but when it landed I
shall think
Well it knocked me to my knees, hit me like a train
And I never will forget ole what's her name

I got a long term lock, short term memory
One thing in my life is forever changed
Sure I fell in love, with an angel from above
And I never will forget ole what's her name
Ole what's her name

Time just keeps on ticking and I tried to move on
And though I keep on searching, I'm pretty sure she's
gone
Know I'll always miss you and things will never be the
same
And I never will forget ole what's her name

I got a long term lock, short term memory
One thing in my life is forever changed
Sure I fell in love, with an angel from above
And I never will forget ole what's her name
Ole what's her name

And I never will forget, I never will forget
Ole what's her name

What's her name
What's her name
What's her name
Ole what's her name

What's her name
What's her name
What's her name
Ole what's her name
