The first time I held you I knew
The feelings that we shared were true
Now the miles take me away
TheyÂ're getting longer every day
And I donÂ't know what to do

The right face, the wrong time for love
You are all I can think of
Is this the way love has to be
You there instead of here with me
Right face but the wrong time for love

When weÂ're together it reels so right
Oh the way you love me day and night
Then this world pulls us apart
We suffer through another broken heart
Is it worth this damned abuse

The right face, the wrong time for love

You are all I can think of
Is this the way love has to be
You there instead of here with me
Right face but the wrong time for love

ArenÂ't you a dreamer just like me
CanÂ't we make it what we want it to be
Or is there just no use

The right face, the wrong time for love
You are all I can think of
Is this the way love has to be
You there instead of here with me
Right face but the wrong time for love
Right face but the wrong time for love
Right face but the wrong time for love
Right face but the wrong time for love
