Do I love you, yes a thousand times  
Lately Iâ€™ve been going out of my mind  
I get the feeling youâ€™re pulling away  
Itâ€™s gonna hurt me if you wonâ€™t stay

Each time the thought of being alone  
You need to be there when I get home  
If you could tell me just one more time  
It would surely ease my mind  
Three little words would be fine

I love you, I love you  
I need you to know that youâ€™re still mine  
Three little words would be fine

Itâ€™s gotten crazy, I donâ€™t understand  
How can love get so out of hand  
Iâ€™ve never been so uncertain before  
Is there someone behind another door

Iâ€™ve got to know if Iâ€™m right or wrong

With mixed emotions I canâ€™t go on  
Iâ€™ve got to know that Iâ€™m not blind  
Just lay it on the line  
Three little words would be fine

I love you, I love you  
I need you to know that youâ€™re still mine  
Three little words would be fine

Canâ€™t stand the thought of being alone  
You need to be there when I get home  
If you could tell me just one more time  
It would surely ease my mind  
Three little words would be fine

I love you, I love you  
I need you to know that youâ€™re still mine  
Three little words would be fine

I love you, I love you

I love you, I love you
