I'll sit and talk baby all night long
We can discuss whatever you want
We'll share our secrets, our little white lies
Before we're through, we'll be bona fide worldly-wise

But there's one thing I wanna leave in the past
Don't bring it up, don't even ask

'Cause that's a touchy subject
Let's not talk about it
Right now I can't explain it
I'm better off without it

Oh, I'm beggin' you please
Don't even whisper
One little word about love
'Cause that's a touchy subject with me

Don't take the shine off our moment together
It's way too soon to talk about forever
Go ahead and get a little closer to me
But darlin', won't you do me one courtesy?

Let's hold off on our wants and our needs
We both know right where that leads

And that's a touchy subject
Let's not talk about it
Right now I can't explain it
I'm better off without it

Oh, I'm beggin' you please
Don't even whisper
One little word about love
'Cause that's a touchy subject with me, no, no

Touchy subject
It hurts to talk about it
It starts rainin' memories
And I feel like I'm drownin'

Oh, I'm beggin' you please

Don't even whisper
One little word about love

'Cause that's a touchy subject
Let's not talk about it
Right now I can't explain it
I'm better off without it

That's a touchy subject
Let's not talk about it
Can't explain it
Touchy subject

T-t-touchy subject
No, no
I don't wanna talk about it
