I know you seen all your dreams turn to dust  
I know your hearts been left in the rain to rust  
But you wont be lonely now

I see the long trail of tears in your eyes  
Back to the day when the innocence died  
But you wont be lonely now

I wanna give you everything you need  
I wanna show you  
You wont be lonely  
You wont be lonely now

Holding you here like a rose in the dark  
I make this promise to you from my heart  
You wont be lonely now

I wanna give you everything you need  
I wanna show you  
You wont be lonely now  
I'll do anything to make you see  
How I'm gonna love you  
You wont be lonely  
You wont be lonely

Now that your here in my arms I'm alive  
For the first time in a long time I  
Look at my face in the mirror and see  
The man I've wanted to be, oh yeah, woo ooh

I wanna give you everything you need  
I wanna show you  
You wont be lonely now  
I'll do anything to make you see  
How I'm gonna love you  
You wont be lonely  
You wont be lonely  
You wont be lonely now
