"Amazing Day"

Smiling faces looking down on me
Playing with fire ain't as fun as it seems
The summer breeze encloses our dreams
Through whiskey love holds close to me
And if tomorrow never came
We all will say What an amazing day
Gone gone forever
Never play with never
And if you are here to stay
What an amazing day
What an amazing day
April springs to her feet
People laughing enjoying the scenery
Beer is flowing girls are glowing
All this love reigns supreme
And if tomorrow never came
We all will say What an amazing day
Gone gone forever
Never play with never
And if you are here to stay
What an amazing day
What an amazing day
