Mindless attention to the details  
Every look becomes a stare  
If I fare I'll be  
Seeing double when I'm free  
These chains have got me  
Thinking twice  
These fears control me  
All night  
Oh Amy oh Amy  
Get me out of this place I'm hanging  
Onto your voice  
It was my choice  
Walls are caving in  
I'm nowhere to be found  
I take a deep breath  
And try to get out  
I'm counting minutes  
Only to abstain  
From flipping out  
And cracking this cage  
These chains have got me  
Thinking twice  
These fears control me  
All night  
Oh Amy oh Amy  
Get me out of this place I'm hanging  
Onto your voice  
It was my choice
