"Celebrate"

Ain't it good to be young
Ain't it a pleasure to have so much fun
We dance around the world
Wandering endlessly to be happy
'Cause these days are the best days of our lives
And we say ain't it funny we all die
So celebrate all those sunny days
All the times you get laid
Celebrate
Ain't it unusual to feel this way
Ain't it something to be tied down all the same
We should all take a timeout
For a while and throw on a smile
'Cause these days are the best days of our lives
And we say ain't it funny we all die
So celebrate all those sunny days
All the times you get laid
Celebrate
This blessed gift of life
Fills my soul just right
Look again
Look again
It's raining love tonight
Look again
Look again
It's raining love tonight
'Cause these days are the best days of our lives
And we say ain't it funny we all die
So celebrate all those sunny days
All the times you get laid
Ah Celebrate
