Were just a hundred miles away  
Funny how distance can make a man insane  
Could you fly and be by my side  
Could you take the next train and i'll be alright  
And I am losing my mind  
And I can't stop remembering all the good times  
Miss Melissa  
And it aint going away  
Miss Melissa  
And I'm trying to melt the pain  
Its all talk and no play  
You say I love you honey and on your way  
Could you fly and be by my side  
Could you take the next train and i'll be alright  
And I am losing my mind  
And I can't stop remembering all the good times  
Miss Melissa  
And it aint going away  
Miss Melissa  
And I'm trying to melt the pain  
But each day goes  
And I'm nailed to the ghost  
The wieght of it all Keeps my face long  
I Miss Melissa
