I want a bad girl
Someone with dark rings under her eyes
I want a bad girl
Someone who can take me by surprise
People talk about about their sinners and their saints
Some folks are what other folks ain't
I want a bad girl
Why bring an angel to shame?
I want a dancer
Someone who can move to a song
I want a fast girl
Someone I don't have to drag along
People talk about their morals and their rules
What makes some folks happy makes other people
fools
I want a bad girl
Nice girls only make me cruel

Maybe it's something in my style of living
Maybe it's something in my frame of mind
Maybe it's something in the things I'm used to giving
But I don't mind you staying out all night long
I don't mind you drinking til you drop
I don't mind you sleeping with another guy
I'm sleeping with another girl, I'm not gonna stop

I want a bad girl...a very, very bad girl

I don't mind you staying out all night long
I don't mind you drinking til you drop
I don't mind you sleeping with another guy
I'm sleeping with another girl, I'm not gonna stop
I want a bad girl...
