So this is not your golden year
When you add up the blues and the greys
And you're standing face to face with your fears
Feeling your head against the wall
So maybe you're not the golden child
Just this once, your luck is not enough
Oh, and no one that you ask can tell you why
You're feeling your head against the wall

Your brow is wet with blood and sweat
Hoping that someday you'll see the sunshine
streaming through
Oh, and I wish I could tell you that this was the worst it
could get
Feeling your head against the wall

No no no no no no no no no no
It goes on and on and on into the endless night
It will be over soon
Through it goes on and on and on into the endless
night
It will be over soon
Yeah yeah yeah yeah yeah yeah yeah yeah
On and on and on and on and on and on and on and on
and on...
