I'd like to remember you the way you look this very
moment
But now we're past it and i'm memorizing that you
were in it
Someone has to make the move to say good-bye so
say good-bye
It?s over now, it?s over now, it?s over now ...
Your eyes are still off-center on your face, it?s strange
to mention
It?s been a year or so since i've been aware of your
imperfections
I can't imagine loving someone else but i will work it
out
It?s over now, it?s over now, it?s over now ...
We'll make the same mistakes again we've got our
methods down
It?s over now, it?s over now, it?s over now ...

When i was seventeen i felt emotions unknown to
mankind
The love i had, the pain i felt began when it was mine
Now as the end approaches i roll my eyes no, not
again.
It?s over now, it?s over now, it?s over now ...

And if you change your mind just call me
And if you change your mind i'll be here
You've got about a week or so until forever disappears
...

I'd like to remember you the way you looked the day
we met
But as you're walking out the door i'm starting to
forget
I'll always love you until someone else gets my
attention
It?s over now, it?s over now, it?s over now ...
We'll make the same mistakes again we've got our
methods down
It?s over now, it?s over now, it?s over now ...
