Maybe we don't belong together
I won't tell if you won't worry
There's time enough for time to tell
What's going on - I'm in no hurry
Don't look now, the sun is creeping
Another night without sleeping
(chorus)
It's not a perfect world
But it's still good to be alive
If you don't know by now, you'll probably never
understand
The way it feels to want to live
One perfect moment

You been acting mighty fresh
Lay down, it's time we did some talking
I'm afraid of what we've done
Starting something we'll have trouble stopping
And I don't care if you spend my money
Someone might as well, honey
Chorus

It's one of those days I can't stand up
Seems like gravity's getting stronger
I'm crashing through my cartoon life
Looks like I'll make it one day longer
And maybe I'm right, and maybe I'm wrong
Maybe this is just another pop song

It's not a perfect world
But it's still good to be alive
If you don't know by now
You'll probably never understand
The way it feels to want to live
One perfect moment
