"This is Me"

Well, do you believe what you're saying
Or are they angry words?
Remember "goodbye" is a long time
Longer than "forever" or "i love you"
And you looked at me like I'm a stranger
(chorus)
But this is me
Do you remember who you're talking to
This is me -- but who are you?

I sat in your car and I listened
To all your crazy theories
But something inside must have broken
'cause all your words were in another language
And you looked at me like I'm a stranger
Chorus

Bit by bit the pieces fell together
Day by day the problems were getting better
Then you laughed and said I'll have to forget you

If this was a joke I'd be laughing
It seems so impossible
But when I wake up in the morning
I'll wake up alone, still not understanding
How you looked at me like I'm a stranger

Chorus
