You're the greatest
You're the loving end
You're the greatest
Number one, my friend

You're the highest hill
The wildest thrill and so divine
And what makes it all so crazy
Is you're mine, all mine

You're the greatest
You're too much for me
You're the latest
You're my symphony

You're the most supreme
The biggest dream
And, oh, so super fine

You're the greatest
Yes, the greatest
And you're mine, all mine

You're the buttered side
A rocket ride and so divine
And what makes it all so crazy
Is you're mine, all mine

You're the greatest
You're too much for me
You're my latest
You're my cup of tea

You're the most supreme
The biggest dream
And, oh, so super fine

You're the greatest
Yes, the greatest
And you're mine, all mine
