All we shared was a mattress and a lie and an address
Baby, I don't need you, well baby, I don't need you
Once occupied by a Goddess, now it's a room full of
boxes
She said, 'It's time to leave you?' but baby, I don't need
you

In a perfect world her face would not exist
In a perfect world a broken heart is fixed
In a perfect world I'd see no therapist
In a perfect world this wouldn't make me sick

I never got the whole story, not 'til after she left me
Baby, I don't need you, well baby, I don't need you
Word on the street is, 'She fucked him'
While we were playing in Cleveland
Well baby, I don't need you, you're fading in my rear
view

In a perfect world her face would not exist
In a perfect world a broken heart is fixed
In a perfect world I'd see no therapist
In a perfect world this wouldn't make me sick

She pulls the trigger until the gun goes click
She pulls the trigger until the gun goes click
In a perfect world her face would not exist
In a perfect world this wouldn't make me sick

Control, alt, deleted
Control, alt, deleted
Control, alt, deleted
Reset my memory

Control, alt, deleted
Control, alt, deleted
Control, alt, deleted
Reset my memory

In a perfect world
In a perfect world, go

In a perfect world her face would not exist
In a perfect world a broken heart is fixed
In a perfect world I'd see no therapist
In a perfect world this wouldn't make me sick

She pulls the trigger until the gun goes click
She pulls the trigger until the gun goes click
She pulls the trigger until the gun goes click
She pulls the trigger until the gun goes
