Don't wait for a knight in shining armor  
Your savior's reflected in the mirror  
These flowers have grown from blood stains on the  
ground

Go rake the leaves off your grass and my grave  
The fact is everyone bleeds when they shave  
There's no use, so don't deny we're just the same

(We'll take it back)  
Broken dagger, southern swagger  
Voices of violence, voices of violence  
(We'll take it back)  
Broken dagger, southern swagger  
Voices of violence, voices of violence

These cowboys will ride off in the sunset  
Once their toys have turned another profit  
Back fire, their smoking guns will never rest

Unleash the skeletons from the closet  
These strangers are friends that you've never met  
They'll send them sympathies with a Hallmark card

(We'll take it back)  
Broken dagger, southern swagger  
Voices of violence, voices of violence  
(We'll take it back)  
Broken dagger, southern swagger  
Voices of violence, voices of violence

Even after I'm dead and buried  
I'll still remember, I'll still remember  
Even after I'm dead and buried  
I'll still remember, I'll still remember  
Even after I'm dead and buried  
I'll come back fighting, I'll come back fighting

Voices of violence, voices of violence  
(We'll take it back)  
Broken dagger, southern swagger  
Voices of violence, voices of violence

Voices of violence will always be heard  
Voices of violence, voices of violence  
Voices of violence will always be heard  
Voices of violence, voices of violence
