Where did you go when you were needed?
Was it some place I know where they care?
Rise in the rain
I learned to get by without you for the pain in my heart
I'll be the one, we'll be together
I'll be the one, forever and ever
Look at me now, am I the loser?
If you can't tell me how, tell me why
But just the same
I learned to get by without you for the pain in my heart
I'll be the one, we'll be together
I'll be the one, forever and ever and ever,
Ooooh ooh ooh, ahhhh Ooooh, ahhhh
I'll be the one, we'll be together
I'll be the one, forever and ever and ever
Ooh, ooh, ooh, ooh, ooh, ooh, ooh...
