Oh no, oh no, I think it's time for me to run  
Well, I've been working all the summer  
Waiting for the winter to come  
And if you feel like reminiscing  
Well, come into the midnight sun

Oh yeah, oh yeah, I think I've been away too long  
Well, I've been coming and I'm going  
All the time is growing with fun  
And if you feel like something's missing  
Well, come into the midnight sun

Never be a gooseberry  
For gooseberries should never see it  
Drop the one who's looking at you  
Looking at the one who's seeing you be it

Oh yeah, oh yeah, I think I've been away too long  
Well, I've been waiting all the summer  
Counting all the trophies I've won  
And if you feel like reminiscing  
Well, come into the midnight sun

Oh no, oh no, I think it's time for me to run  
Well, I've been working all the summer  
Waiting for the winter to come  
And if you feel like reminiscing  
Well, come into the midnight sun

And if you feel like something's missing  
Well, come into the midnight sun  
And if you feel like reminiscing  
Well, come into the midnight sun
