"My Heart Goes Out"

I wanna to tell you,
How much I need you now.
I wanna show you,
What Love can do.
Can you take me like I am?

(Chorus) Lovin' You Now can be sad,
I can remember times we have had.
And for you now my heart goes out once again.
You turn me down I wonder why,
You turn away with sunken eyes.
I see nothing but the best,
I Imagine all the rest comming true

I wanna touch you,
I wanna be with you now.
I wanna show you,
What love can do.
I can take it like a man

(Chorus)
And for you now my heart goes out once again
