There's so much I wanna say to you, but love your so
far away
And I don't mind telling you that I miss you more each
day
Well I can hide the sadness. You can't see it in my eyes
And I just wish I could be with you tonight
So send me your love, and set this poor heart free
You know the sun won't shine till you come back to me
Well I can't keep pretending. You know I can't go on this
way
I've never known a hurt so bad. And it just won't go
away
I'm travelling in these teardrops, and I can't put up a
fight
And I just wish I could hold you close tonight
So send me your love, or set this poor heart free
You know the sun won't shine till you come back to me
So send me your love, or set this poor heart free
You know the sun won't shine till you come back to me
The sun won't shine till you come back to me.
Send me your love
Send me your love
The sun won't shine till you come back to me
