"Turn Around"

As we've turned these empty pages. I have seen the
sweat and pain
Do we have to waste these ages. Going through it all
over again?
Let's forget all the dreams we had
Play your dreams of yesterday
When will we ever learn? When will we turn around?
When will we ever learn? When will we ever learn?
All that's left now is to keep on hoping We can change
the dice that's cast
I remember how they laughed then But I knew it
wouldn't last
I've tried so hard to close my eyes
But I just can't close my mind
When will we ever learn? When will we turn around?
When will we ever learn? When will we ever learn?
One thing's for certain while we're here
One thing's for sure, only the fear
I've tried so hard to close my eyes
But I just can't close my mind
When will we ever learn? When will we turn around?
When will we ever learn? When will we ever learn?
Hey, yea.
