St. Therese of the roses  
I will come to you each night  
Near the altar in the chapel  
I will pray by candlelight

St. Therese of the roses  
Won't you kindly hear my prayer  
Give your blessings to my sweetheart  
And the love that we both share

Won't you guide us (guide us)  
And protect us (protect us)  
Through the years that lie ahead  
Won't you fill our hearts with sunshine  
On the day that we are wed

You're the little flower of Heaven  
Guiding all who come to you  
St. Therese of the roses  
I know you'll make my prayer come true

You're the little flower of Heaven  
Guiding all who come to you  
St. Therese of the roses  
I know you'll make my prayer come true
