Days of Joyous Pain... Passing  
Alone with the Mist Ahead in my sight  
She's trying to understand... our life  
She looks with her eyes. An Innocent Smile  
Captures our souls... I can hear the wind in her breath  
I can see the look in her eyes  
She doesn't know,  
She will never know  
Still I am by your side That hollow love I'll give for u  
I'll stay with u for awhile... then I'll go in my way  
You'll reach under my skin and hide from your fears  
Alone in the dark awaiting the sunrise to end our  
journey And many moons of sorrow are passing  
Fixation upon this everlasting nation  
Towards This dark side of living  
Days of joy Ended This Time am searching For my Life  
These Days Will Come... to remember  
Upon the Forever Land  
Days Of Joy Days of Joyous Pain... Passing  
Alone with the Mist Ahead Of me
