Walking on the other side,  
It's my mother's side of me,  
Passing all the photographs  
Of my lifeless past you'll see

I'm troubled by double meanings,  
But do they mean much to you?  
Now I'm done with these half-cut dealings,  
Like with everything else you never see it through...

Was it wrong? Was it right? Does it matter?  
Does it count if we found waht none of us was after? (x2)

Now I'm with the lonely people  
The hard lessons of love are learnt  
Oh I got burnt, I betrayed all the games that we played  
I'm not surprised our love got lost

I'm troubled by double meanings,  
But do they mean much to you?  
Now I'm done with these half-cut dealings,  
Like with everything else you never see it through...

Was it wrong? Was it right? Does it matter? (x2)

Raindrops they're dropping on me  
Like your heart in the clouds above  
But one day, they'll drift right away  
I never wanted the rain to stop the sun you love

I always knew it was the sun you love (x3)

Was it wrong? Was it right? Does it matter?  
Does it count if we found waht none of us was after? (x2)

It's not the same, I feel the shame  
It's not the same, I feel the shame  
It's not the same!

It's not the same, I feel the shame  
It's not the same, I feel the shame  
It's not the same!
