Did I lose the battle or win the war  
I move my plans forward  
The world was unsure  
And as the sun went down  
I looked and I knew it would be alright  
But you just sigh please don't be shy  
I'm far to gone to even care who I fight  
I feel a little older  
When it's over  
It's over now

Did I lose the battle or win the war  
I am unsure  
Ose the battle or win the war  
I just don't know anymore  
I just don't know what you're fighting for  
I just want to feel  
Want to feel  
Higher than ever before  
Higher than ever before
