[Sample - Movie?]

It's a new day, motherfucker

[Scratched Sample]

Live 'cause I got no choice

[Senim Silla and One Be Lo]

This is for blacks, whites, Asians, Hispanics  
Christians, Muslims, Moors and Malaysians  
From north, west, east, south, Pacific to Atlantic  
Binary Star, we mow mountains out of granite

[Senim Silla]

Feel the rhapsody  
Fill this join to capacity  
Senim grasp mics with pit-bull tenacity  
These emcess adheeds  
My platoon never at ease  
Deadly I'm out already to seize the seas  
Deep as twenty thousand leagues  
Lyricist abyss  
Drown rappers in my syllabus  
Dive fifty fathoms  
Still ain't met the depth that Silla's is  
Chameleons can't adapt to this  
Snatch a pebble, grasshopper, we done mastered this

[One Be Lo]

No need to practice this  
'Cause every rhyme on my papyrus  
Is naturally disasterous  
I rock many fans, many hands clap to this  
In many lands, from here to Minneapolis  
These civil rights activists  
Don't want none of me  
'Cause in brief summary  
I'm ripping foes apart  
So remain seated like Rosa Parks  
Because I bust (bus) like Montgomery  
Suddenly  
I let you have it  
Nobody's next to grab it

I got lyrics to Go-Go like Inspector Gadget  
In a bad habit fiending for the potency  
I'm the Narcotics Anonymous Dope Emcee  
On the hunt like scavenger  
For months on the calendar  
Any challenger trying to test this caliber  
Binary Star battle your villainous characters to the end  
We're poets, heroic like Super Friends

[Senim Silla]

Bruce Wayne and Dick Grayson (Batman and Robin)  
Dynamic combination  
Get in simple complications  
Burning sensations inflames these lame stations  
Internal, infernal, blazing past you in planes racing  
Keep you Star-gazing, stark raving, start raving  
Binary's the amazing  
Spectacular vernacular

[The Anonymous]

So what you're saying?

[Senim Silla]

There's no discussion  
We set flames to your productions  
Instantaneous, spontaneous combustion

[Scratched sample]

Live 'cause I got no choice

[Senim Silla and One Be Lo]

This is for the men, women, boys and girls  
Emcees, DJs, fans throughout the world

For those who drink, smoke, and chew to say sober  
Binary Star is here to take it over

[One Be Lo]

I'll tie your body to the tracks  
My rhymes run you over like trains  
How many times I gotta say that?  
One Man Army assume the battle stance  
I snow rap flows, impact like avalanche  
You never had a chance  
We got it locked like Dominoes  
Unstoppable, my style is diabolical  
I write articles equivalent to light particles  
My rhyme's definition is shine, it's quite logical

[Senim Silla]

We set sail, jet propel and excel  
We fire on all these cats catch hell when I exhale  
We shall overcome, overthrow and prevail

The system we rebel  
The mainstream as well  
Save your politics Silla's sold Naga said  
We don't blaze the same trail  
Drink from the same well  
My only purpose is to derail the infidel  
And bust his head swell  
And expel that crap smell  
Propel your personnel  
Far from y'all to those that don't fare well  
Your petty plan failed in your lifespan can tell  
We tipping the scale  
Star rock decibel  
You ain't close or parallel

[One Be Lo]

You can't flow  
You need rainbows and leprechauns to go gold  
I'm dropping these lyrical Megatons  
With my crew as Decepticons  
Transform my trigger hand's warm  
Holding the mic like Megatron  
I take aim and bust enemy planes  
Remain calm like Saddam Hussein  
It's obvious who remains Anonymous  
My words get off like a SCUD in the Persian Gulf  
Check it
