### "Two Cigarettes In The Dark"

Two, two cigarettes in the dark  
He strikes a match 'til the  
Spark clearly traces  
One face is my sweetheart.  
Two, two silhouettes in a room  
Almost obscured by the gloom  
We were so close yet so far apart,  
It happened that I stumbled in  
Upon their rendezvous.  
I heard my sweetheart whispering  
"I love you, I love you, you know that I do."  
Two, two cigarettes in the dark,  
Gone is the flame and the spark  
Leaving just regrets and two cigarettes in the dark.
