Oh

If you want my love
Just name a time and any place

If you want my love
Just name a time and any place, yeah, yeah

You need a backdoor, said I'd never leave
Oh, without a trace

If you want my heart
You can steal it if you want to
Yes, you can

If you want my heart
You can steal it if you want to, yeah, yeah
'Cause in your lovin' arms, sweet baby
Where you set me free, yeah, yeah, yeah
(Solo)

Take a chance on your love, sweet Jesus
Even though you're gonna break my heart with your evil
ways

'Cause I love you, love you, love you, love you
Any time and any place now, baby

You ain't nothin' but a soul stealer
Think I'll take my chances

'Cause in your lovin' arms. sweet baby
Where you set me free-yeah

Any time, any place now baby

Oh, it's gonna make you blind

Yeah
