So woman, you give it all to me
Sweet child, more than I could bare
For the years gone by, traveled through the year
Sweet child, more than I could bare

We shared some hard times
Oh yes, we have
We've been through the sad times
But they're the best I ever had
Yes, it was

Well, I seen blue skies headin' on my way
Take my hand, walk that extra mile
Story's almost over
Pages are still turning
Aahhh, the fire lasts forever

Let it be my baby girl
It's time to set me free
Travelin' on this road for much too long

Long line, long line, long line
Until the search that I fly
Long lines tellin' in these hands

Shared some hard times
Oh yes, we have
Been through sad times
But they're the best I ever had

Well, I seen blue skies headin' on my way
Take my hand, walk that extra mile
Story's almost over
Pages are still turning
Aaahh, the fire lasts forever

Well, I seen blue skies headin' on my way
Take my hand, walk that extra mile
Story's almost over
Pages are still turning
Aaahh, the fire lasts forever

Well, I seen blue skies headin' on my way
Take my hand, walk that extra mile
Story's almost over
Pages are still turning
Aaahh, the fire lasts forever
