Fateful
Thirst for dark horizons
Hateful
Infectious trepidation
My eyes
Can see so far beyond
The boundaries of your miscalculated sanity.

So distant. I am threatening - infecting
Your existence
Distorted
I am. An outcast
I am.
Rejected
I am. Unwanted
I am.

Distorted
I am. An outcast
I am.
Rejected
I am. Unwanted
I am
Why don't you leave me alone...

Painful
Realisation
Violent
Is the birth of your creation
I hear
So far beyond the screams
Believe and be deceived
I've walked the path you've never seen.
