[Verse 1:]

I'm a killing machine  
A superior being  
I'm a diamond of hate  
The son of catastrophes  
I'm the warrior of hope  
I'm the king of your soul  
I'm the holder of one hundred thousand legacies

Middle Verse

I'll fight here  
Nocturnal form  
And where no ears  
Give your fear sound  
Go find the strength  
You showed today  
Come hunt me down  
I'll force you to attack

[Verse 2:]

I feel beyond your dim eyes  
All I smell is disease  
The wanton sinful neglect  
Of a divine pure spirit  
It's time for you to now pray  
The church of sinners awaits,  
Now what your fear and you hate  
Will be unleashed upon you.

[Bridge:]

I'm falling through  
The darkness of  
Your shattered loves  
Abandoned dreams  
Rise again  
Hellish sun  
Where is your god for shelter?

[Chorus:]

Do you?  
Do you really think you know me?  
Time and time again I live

I conquer worlds you've never seen  
Do you?  
Do you really think you know me?  
Time and time again I die  
Violent deaths in distant skies

[Verse 3:]

Alive when asleep  
I'm dead when awake  
I'm a wasp in a cage  
But there's still no way out  
I'm dangerous to know  
When the moon haunts the sky  
When you close your eyes  
And you're locked in my nightmare

[Bridge]

[Chorus]

Middle 8  
My failure  
On your world. Eight shadows torment my dreams.  
My victory  
On my world. Cursed angels herald your death.  
Your soul is seduced by their song. Look through my  
eyes and tell me...  
Do you really think you know me?

[Bridge]

[Chorus]
