Destruction, eruption.

Convulsions invoke the disease  
Descending, the ending,  
Drain blood from the scars I receive  
In me, through me, always, with me  
Blackened the day, retract the light away  
Victims, cannot, tell you, why

Victory is genocide

Incision, this vision, march on your final parade  
Infected, rejected, disturbed, distorted, engraved  
In me, through me, always, with me  
Blackened the day, retract the light away  
Rip at, break at, this lifeless, terror

Unspoken, soul broken

Fallen, Fallen in Fear  
Over powering  
All devouring Fallen. Fallen in Fear  
Life will break me  
Endlessly, I'm fallen in fallen in fallen in fear

Ascendance, in vengeance,  
Restrained by the powers that be  
Repressor, aggressor,  
Re-stained by the hours I bleed

In me, through me, always, with me  
Blackened the day, refract light away  
Victims, cannot, tell you, why  
Victory is genocide

Diffusion, intrusion, encroaching  
The freedom of speech  
Bred stronger, no longer, approaching  
The life that you breach

Fallen,  
Fallen in Fear

Over powering  
All devouring Fallen, Fallen in Fear  
Life will break me  
Endlessly, Fallen in fear

Remonstrate  
Visceral  
Outcast I fight 'till I fall  
Dissident, Enemy, show me another way  
This won't be my final day

Destruction, eruption, convulsions  
Invoke the disease  
Bred stronger, no longer,  
Approaching the life that you breach

Rip at, break at, this lifeless, terror  
Unspoken, soul broken

Fallen, Fallen in Fear  
Over powering  
All devouring Fallen. Fallen in Fear  
Life will break me  
Endlessly.

Violent fight for this dream to end,  
Fallen in fear
